

A photograph of an elegant cigar room. The room features dark wood paneling on the walls and ceiling, a marble fireplace on the left, and a chandelier hanging from the ceiling. In the center, there are four brown leather armchairs arranged around a small round table. The floor is made of light-colored marble tiles with a dark diamond pattern. The text "Stonebridge Cigar Rooms" is overlaid in the center in a large, yellow, serif font.

Stonebridge Cigar Rooms

Elevated Experience and Entertainment: Beyond being a space for enjoying cigars, a custom cigar room elevates the overall entertainment experience. Whether it's hosting intimate gatherings, celebrations, or simply unwinding with close friends, this space serves as a sophisticated backdrop for socializing and entertainment.

The integration of high-quality audiovisual systems and comfortable seating amplifies the experience, creating a captivating environment for both relaxation and entertainment.

Essential Elements

- **Custom Lighting:** Thoughtfully curated lighting schemes to enhance the mood and aesthetics of the space.
- **Humidor Wall:** A dedicated wall lined with custom-built humidors, precisely crafted to store and display your prized cigar collection.
- **Luxurious Seating:** Plush and comfortable seating options tailored for relaxation and socializing.
- **Air Filtration System:** State-of-the-art air filtration systems designed to maintain pristine air quality within the cigar room. Minimizing odors and ensuring a comfortable environment for both enthusiasts and non-smokers in the house.
- **Climate Control:** Precision climate control systems that maintain optimal temperature and humidity levels.
- **Soundproofing:** Specialized soundproofing techniques and materials to ensure privacy and minimize disturbance to other areas of the house.

Let's talk cigar room styles.

- **Classic Gentleman's Den design.** Think rich mahogany, leather recliners, and old-school charm that screams sophistication. It's like stepping into a classy cigar club right in your own place.
- **Modern Chic setup.** Sleek lines, minimalist vibes, and high-tech everything. It's for the suave folks who want their cigar space to feel like a futuristic oasis.
- **Rustic Retreat.** This one's all about cozy vibes, wood accents, maybe a fireplace crackling in the background. It's the perfect blend of comfort and charm, like chilling in a log cabin with your favorite cigars.
- **Personalized Paradise.** This design is all about YOU. Mix and match your favorite styles, colors, and add those personal touches that make it uniquely yours. It's your cigar haven, tailored exactly to your taste buds."

The Humidors

Tower Humidor:

- A tall, freestanding humidor resembling a cabinet, offering ample storage space for a larger cigar collection.
- Often features multiple shelves or drawers, maximizing storage capacity without compromising aesthetics.

Walk-in Humidor:

- The ultimate luxury for cigar enthusiasts, resembling a small room or closet.
- Constructed with cedar shelves, climate control systems, and lighting to create a controlled environment for aging and storing cigars.

Commercial Humidor:

- Found in cigar shops or lounges, these humidors cater to large collections.

Wall-Mounted Humidor:

- Space-saving and decorative, these humidors are mounted on walls, displaying cigars like a piece of art.

Custom Creation:

- You dream it, we Create it!
